## RESILIENT FLOOR CARE ACRO SEALER

### FEATURES

- Penetrating sealer
- Long lasting seal that does not turn yellow
- Fast drying - 30 to 40 minutes under normal conditions
- Large area coverage - up to 2500 sq. ft. per gallon
- Slip resistant - Meets ASTM D2047

### PROPERTIES

**Appearance:** Milky white, opaque liquid with bland odor.

**Boiling point:** 212 °F

**Specific gravity:** 1.02 gr/cc

**VOC content:** 4.7 %

**Solubility in water:** Miscible

**Storage stability:** Minimum of 1 Year

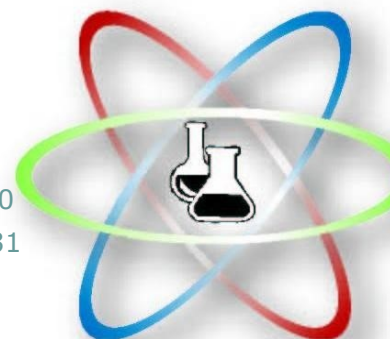

**pH of liquid:** 9-10

**Flammability:** Non-flammable

**Packaging:** 4x1 gallon Case  
6x1 gallon Case  
5 gallon Pail

ACRO SEALER is an acrylic polymer undercoat-sealer that brings new life to older, faded resilient flooring. ACRO SEALER penetrates and levels porous surfaces such as concrete, marble, granite, and terrazzo prior to finishing. It is ideal for heavy traffic areas and will not undergo discoloration caused by aging. When used in combination with a high quality floor finish, labor and the high cost of floor care are considerably reduced. For instructions and precautions, refer to the label and attached SDS. The information contained in this safety sheet is aimed at creating a guide for the selection and use of the product. However, we are not responsible for any use not recommended by ChemTron.
