Non volatiles: 20-25 %

Solubility in water: Soluble

Storage stability: Keep away from high temperatures and oxidizing conditions

Flammability: Non-flammable

Packaging: 4x1 gallon Case
5 gallon Pail

ARMOUR PLUS is a micro-emulsion protectant and conditioner specially formulated to penetrate and protect vinyl, plastic, rubber, finished wood, metals, and similar materials. ARMOUR PLUS can restore the original beauty and luster of a surface. Prior to application, surface should be cleaned with an appropriate detergent. Product should not be applied over grease, oil, dirt, dust or other soils. Apply undiluted using a sprayer, sponge or cloth, and allow to penetrate for 2 to 3 minutes. Using a clean, dry cloth, wipe away excess and buff surface to a gloss. For best results, initial application should consist of two coats of product. Refer to the label and attached SDS for additional instructions and precautions. The information contained in this safety sheet is aimed at creating a guide for the selection and use of the product. However, we are not responsible for any use not recommended by ChemTron.
