- Properties are typical and subject to usual manufacturing tolerances.

AUTO SHAMPOO is a special blend of ionic detergents and surfactants, designed to remove dirt, bug residues and road film from all surfaces as well as leave a natural look and shine to your vehicle. It is ideal for use on boats, trucks, airplanes and cars. AUTO SHAMPOO can be used manually or in automatic systems. Its powerful detergents easily rinse away dirt, oil, grease and salt deposits. This product is very safe to use and safe to the user; also is biodegradable and does not harm the environment. This product works extremely well in a wide range of temperatures. For best results, pre wet surface and apply starting from the bottom and working upward. Allow time to penetrate before rinsing at high pressure. Refer to the label and attached SDS for additional instructions and precautions. The information contained in this safety sheet is aimed at creating a guide for the selection and use of the product. However, we are not responsible for any use not recommended by ChemTron.
