**Flash point:** 378 °F

**Storage stability:** Keep away from heat and open flames.

**Flammability:** Slightly Flammable

**Packaging:** 12x10oz Net Wt. Cans/Case

- Properties are typical and subject to usual manufacturing tolerances.

BIRD REPELLENT GEL is the perfect product to discourage pigeons and starlings from roosting or perching on treated ledges, sills, roofs, peaks, cornices, and similar structures. It is ideal for use on municipal, industrial and commercial buildings. This transparent, sticky gel remains tacky at temperatures above 15°F and will not run at temperatures up to 200°F.

Refer to the label and SDS for instructions and precautions. The information contained in this safety sheet is aimed at creating a guide for the selection and use of the product. However, we are not responsible for any use not recommended by ChemTron.
