

CONDENSATE PAN & DRAIN TREATMENT

BLOW OUT

FEATURES

- Stabilized Hypochlorite / surfactant formula
- Fast action formula
- Totally water soluble
- Cleans and eliminates build up, blockage or algae in drain lines.
- Biodegradable
- Low odor
- Fast rinsing

PROPERTIES

Appearance: Hazy white liquid.

Odor: Herbal odor

Viscosity: low, 50 cps

pH: 12-13

Specific gravity: 1.20 gr/cc

Non volatiles: 4-6 %

Chemical type: Alkaline Cleaner

Storage stability: Keep away from direct sun light and Acid products.

Boiling point: 225 °F

Flammability: Non-flammable

Packaging: 12x1 quart Case
4x1 gallon Case
5 gallon Pail
55 gallon Drum

- Properties are typical and subject to usual manufacturing tolerances.

Blow Out is an alkaline liquid that removes sludge, silt, algae, dust deposits and other organic deposits from condensate pans and drain pipes. Pour 2 to 3 oz of Blow Out directly on pan or condensate drain, leave for a few seconds and rinse with water. Do not allow product to spill on rugs or carpets. Do not ingest. Avoid contact with eyes and skin.

Refer to the attached SDS for additional precautions. The information contained in this safety sheet is aimed at creating a guide for the selection and use of the product. However, we are not responsible for any use not recommended by ChemTron.
