5 gallon Pail
55 gallon Drum

- Properties are typical and subject to usual manufacturing tolerances.

BUGS AWAY is a natural repellent that is effective against a variety of crawling and flying bugs. This product contains a blend of boric acid, citric acid, and essential oils, and is safe to use on any surface that is not affected by water. To use, spray undiluted on the surface to be treated, wipe with a cloth and let air dry . It can also be applied on fabrics, carpets, underneath furniture and in corners. Do not mix with other products and do not apply onto hard walking surfaces as it may leave a slipping surface. Do not spray directly into food/feeding areas or eating utensils.

Refer to the label and SDS for additional instructions and precautions. The information contained in this safety sheet is aimed at creating a guide for the selection and use of the product. However, we are not responsible for any use not recommended by ChemTron.
