

**CARPET CARE****CARPET EXTRACTION CLEANER****FEATURES**

- No Odor, No odors, Non Acid, Non Alkaline
- Counteracts surface odors
- Concentrate
- Can be used as pre-spotter cleaner
- Non flammable
- Does not stain
- Use on carpets, upholstery, rugs and fabrics
- For fast and safe jobs
- Biodegradable

**PROPERTIES**

**Appearance:** Clear hazy white liquid, No Fragrance

**pH:** 8-9

**Solubility:** Complete in water

**Non volatiles:** 30-32 %

**Flammability:** Non Flammable

**Chemical Family:** Enzyme-Detergent blend

**Storage:** Keep in original container. Maintain closed, well sealed and away from direct sun and heat.

**Packaging:** 4 x 1 gal Case  
5 gal pail  
55 gal Drum

- Properties are typical and subject to usual manufacturing tolerances.

CARPET EXTRACTION CLEANER is a clear liquid that quickly and easily eliminates stains and malodors wherever they occur. It settles into fabrics depositing its minuscule encapsulating molecules that absorb unpleasant odors trapped in carpets, rugs and upholstery and also deposit its enzyme synergistic blend that digest organic matter; the biodegradable surfactants and solvents present in CARPET EXTRACTION CLEANER then cleans and pick up all soil and dirt for a perfect cleaning job. This product can also be used in any fabric, however test an inconspicuous area before to make sure there is no change in appearance.

Dilute 4-6 ounces of concentrate in 1 gallon of water. Apply to carpets with extractor or spray bottle. When cleaning fabrics or pre-spotting, spray liberally on stains and allow to penetrate for at least 5 minutes. Even though product is safe, keep away from children's reach. Refer to the SDS for additional precautions. The information contained in this safety sheet is aimed at creating a guide for the selection and use of the product. However, we are not responsible for any use not recommended by ChemTron.
