

**HEAVY DUTY DEGREASER****CHEM POWER DEGREASER****FEATURES**

- No rinse Degreaser and Cleaner
- Safe to use and safe to apply on all surfaces that can be washed with water
- Can be used to remove mineral grease, animal fat and oils
- Can be used on metals, stainless steel, plastics, walls and floors
- Can be used with steam, pressure washers or scrubbing machines

PROPERTIES

Appearance: Red liquid with citrus odor.

Boiling point: 212 °F

Specific gravity: 1.02-1.04 gr/cc

Non volatiles: 15-20 %

Solubility in water: Total

Flash point: None

Storage stability: Keep away from high temperatures and oxidizers

pH of liquid: 11-12

Flammability: Non-flammable

Packaging: 4x1 gallon Case
55 gallon Drum

- Properties are typical and subject to usual manufacturing tolerances.

CHEM POWER DEGREASER is a heavy duty degreaser that can safely be used to remove heavy soils, greases and oils from most surfaces, without the need for excessive scrubbing and rinsing. It handles all types of cleaning problems in carpets, floors, painted walls, plastics and rubber, metal parts and mechanical motors, and other hard surfaces. Simply apply CHEM POWER DEGREASER by spraying directly on surface or dilute in water and apply with a mop or cloth. Leave a few minutes, brush if necessary and then rinse with water or wipe off with damp cloth. CHEM POWER can be diluted between 5 to 50 times with water, depending on the job. It can be used in automatic car washing equipment, scrubbing machines, power pressure washers, steam washers, laundry washers and rug and carpet cleaning equipment.

Refer to the label and SDS for additional instructions and precautions. The information contained in this safety sheet is aimed at creating a guide for the selection and use of the product. However, we are not responsible for any use not recommended by ChemTron.
