

CLEANER AND STAIN REMOVER

CLOSOSOL

FEATURES

- Washes and disinfects cutting boards based on Sodium Hypochlorite and surfactant.
- Fast acting formula
- Easy to use
- Cleans and removes stain from algae, mold and mildew.
- Biodegradable
- Low odor
- Quick rinse
- Economic and lasting.

PROPERTIES

Appearance: Hazy white liquid with characteristic odor

Boiling point: 102 °F

Specific gravity: 1.06 gr/cc

Non volatiles: 4-5 %

Solubility in water: Soluble

Storage stability: Keep away from high temperatures and acid products

Chemical Type: Alkaline

pH: 12-14

Packaging: 12x1 liter Case
4x1 gallon Case
5 gallon Pail

- Properties are typical and subject to usual manufacturing tolerances.

CLOSOSOL is a liquid indispensable in cleaning, disinfection and sanitizing hard surfaces such as floors, walls, equipment, etc. In restaurants, institutions, food processing areas, food preparation service and industries as well as in the bleaching process and spotting laundry.

CLOSOSOL is an alkaline product that cleans and sanitizes and removes stains from mold, mildew and algae. Acts as bactericidal, virucida and fungicidal.

Directions:

Hard surfaces cleaning and deodorizing: use a dilution of 1 part in 40 of water, about 1/2 cup in a gallon of water (600-700 ppm). Spray directly or apply with cloth with a damp cloth or rinse with water. Test an inconspicuous area of furniture and fabric before applying, in order to check for any discoloration. Drive with due care due that the product is alkaline.

Sanitation (and for food contact): Prepare a dilution of 1:250 in water (100 ppm available chlorine) or 2 tablespoons (15 ml) in a gallon of water and left in contact for 10 minutes.

Disinfection of utensils: Prepare a dilution of 1:25—1:50 in water (0.1 to 0.05% from 1040 to 520 ppm available chlorine) or 3/4 cup to a gallon of water and left in contact for 10 minutes. No spillage on carpets or fabrics as it can bleach them. Keep out of reach of children. Refer to the attached SDS for additional precautions. The information contained in this safety sheet is aimed at creating a guide for the selection and use of the product. However, we are not responsible for any use not recommended by ChemTron.
