Specific gravity: 1.01 gr/cc

pH: 8-9

Solubility in water: Soluble

Flash point: None

Storage stability: Keep away from strong oxidizers

Flammability: Non-flammable

Packaging: 4x1 gallon Case

- Properties are typical and subject to usual manufacturing tolerances.

CURA CLEAN is a rich hand cleaner that contains effective grease and dirt solvers, skin emollients, and fragrance. Although a thorough skin cleanser, this lotion is extremely mild. Repeated use enhances skin softness and texture, rather than causing dermatitis or other skin disorders. In use with water this viscous liquid generates a rich, thorough cleansing lather. It lifts and removes grease and dirt from hard to reach areas such as crevices around knuckles and under fingernails. CURA CLEAN is ideal for use by personnel in the food and health industry. It meets Today's high standards of sanitation. Refer to the attached SDS for precautions.
