

ODOR CONTROL

DISAPPEAR II**FEATURES**

- Non-toxic, non-acid, non-alkaline odor eliminator
- Special silicone, encapsulating molecule
- Specially formulated for efficient elimination of strong undesired odors
- Not a masking agent
- For commercial and household applications
- Safe to the environment
- Leaves a pleasant fragrance

PROPERTIES

Appearance: Dark green solution

Odor: Fresh and Clean fragrance

Viscosity: 50-100 cps

pH: 5-6

Specific gravity: 1.04 gr/cc

Boiling Point: 212 °F

Non Volatiles: 1-2 %

Solubility in Water: Total

Chemical Type: Silicone molecule

Flammability: Non Flammable Liquid

Packaging: 4x1 gallon Case
5 gallon Pail
55 gallon Drum

- Properties are typical and subject to usual manufacturing tolerances.

DISAPPEAR II is a special combination of odor counteractants and odor eliminators, in a concentrated formula, that effectively trap and encapsulates odors from human and pet urine and body segregations. Also neutralizes odors caused by mold, mainly due to humidity and organic residues from food and cooking.

DISAPPEAR II should be diluted at least 15 times with water before use. Apply DISAPPEAR II with a fine spray directly on odor source and over the whole surface exposed to undesired odors. Allow product to wet surface and remove excess if needed. Apply generously on soft goods and fabrics like curtains, carpets and under upholstery and couches. DISAPPEAR II can also be applied as a non-rinse deodorizing solution, when used to mop floors in restaurants and restrooms.

Refer to the attached SDS for precautions. The information contained in this safety sheet is aimed at creating a guide for the selection and use of the product. However, we are not responsible for any use not recommended by ChemTron.
