Odor: Characteristic lemon odor

Boiling point: 225 °F

Non volatiles: Not Determined

pH: 7-9

Specific gravity: 1.0 gr/cc

Solubility: Complete in water

Storage stability: Store product in a well ventilated area away from excess heat. Store in original closed container; avoid contamination.

Flammability: Non-flammable

Packaging: 5 gallon Pail
4 gallon and 6 gallon cases

Particularly efficient cleaning liquid. Only a few drops leave dishes clean and free of grease. Highly effective concentrated degreaser and cleaner made from citric oils; removes grease oils and organic residues. Spreads a pleasant lemon fresh aroma. Gentle on hands. Not suitable for automatic dishwashers. This liquid dish detergent is free from chlorine compounds, other halogen compounds, inorganic acids, and petroleum-based detergents. All detergents used in these products originate from vegetable sources. All ingredients of non-mineral origin are fully degradable according to the DfE criteria.

Manual washing-up:

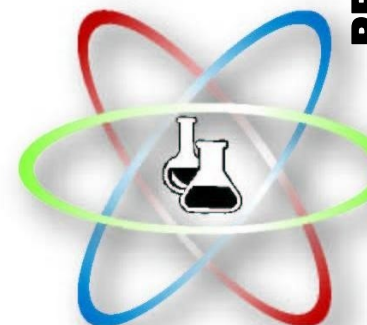

Add one squirt of the liquid to the washing-up water. Wash the dishes by hand and rinse.

Manual surface cleaning:

Prepare a 1 % solution by adding 80-120 cc of liquid to a bucket of water, and then clean the surface.

Read SDS for precautions and storage.
