

SPECIALTY SOLVENT

DO-1500 CITRUS SOLVENT

FEATURES

- Does not Emulsify with water
- Cleans, Degreases and Deodorizes
- Ideal for use in Lift Stations and Grease Traps
- Environmentally safe; Non-Acid, Non-Caustic, Non-Corrosive
- Contains no Petroleum Distillates

PROPERTIES

Appearance: Clear liquid with citrus odor.

Boiling point: 320 °F

Specific gravity: 0.74-0.76 gr/cc

Non volatiles: 10-20 %

Solubility in water: Insoluble

Flash point: >144 °F

Storage stability: Keep away from high temperatures and oxidizing agents

pH of liquid: (in emulsion) 7-8

Flammability: Slightly Flammable

Packaging: 5 gallon Pail
55 gallon Drum

DO-1500 is a non-acid, non-caustic and non-corrosive solvent that cleans, degreases, and deodorizes Lift Stations and Grease Traps. It does not emulsify with water, making it the ideal product for maintaining Lift Stations and Grease Traps. DO-1500 not only keeps the surface free of accumulated paraffin and greases, but also keeps the walls of the lift station clean as water levels rise and fall. This environmentally safe product contains no petroleum distillates and has a natural citrus base. Refer to the label and attached SDS for instructions and precautions. The information contained in this safety sheet is aimed at creating a guide for the selection and use of the product. However, we are not responsible for any use not recommended by ChemTron.
