

AIR CONDITIONER COIL CLEANER

FIN CLEAN

FEATURES

- Hydroxide / surfactant formula
- Fast foaming formula
- Totally water soluble
- Residual free
- Biodegradable

PROPERTIES

Appearance: Red color translucent liquid.

Odor: Strong alkaline

Viscosity: low, 50 cps

pH: 14

Specific gravity: 1.30 - 1.40 gr/cc

Non volatiles: 15-20 %

Chemical type: Alkaline Cleaner

Storage stability: Keep away from direct sun light and Acid products.

Boiling point: 225 °F

Flammability: Non-flammable

Packaging: 4x1 gallon Case
12x1 Qt. Case
5 gallon Pail
55 gallon Drum

Fin Clean is an alkaline base liquid cleaner that removes dirt deposits, dust, textile fibers, scale, organic residues, hair, oils and many other inorganic deposits from coils and radiators constructed of steel, aluminum and other soft metals and alloys. It is not intended for use on Copper.

Fin Clean acts with rising foam that progresses through the coils inwards without damaging the coils or the A/C housing. Thorough rinsing is required to assure total removal of dirt and residues. Handle with care, do not allow to contact eyes or skin. Refer to the attached SDS for additional precautions. The information contained in this safety sheet is aimed at creating a guide for the selection and use of the product. However, we are not responsible for any use not recommended by ChemTron.
