Specific gravity: 1.01 gr/cc

Non volatiles: 10-18%

Solubility in water: Soluble

Flash point: None

pH: Neutral

Storage stability: Keep away from direct sun light and open flames

Flammability: Non-Flammable

Packaging: 4x1 gallon Case
5 gallon Pail
55 gallon Drum
275 gallon Tote

- Properties are typical and subject to usual manufacturing tolerances.

Foam for Car Wash is a special blend of ionic and non ionic detergents, designed to be used in automatic car wash operations, that forms a film which removes dirt, bug residues and road film from all surfaces as well . It can also be used on boats, trucks, airplanes and cars. **Foam for Car Wash** can be used manually or in automatic systems. Its powerful but gentlr on surfaces, non abrasive, easily rinse away dirt, oil, grease and salt deposits. This product works extremely well in a wide range of temperatures. For best results, pre wet surface and apply starting from the bottom and working upward. Allow time to penetrate before rinsing at high pressure.

Refer to the label and attached SDS for additional instructions and precautions. The information contained in this safety sheet is aimed at creating a guide for the selection and use of the product. However, we are not responsible for any use not recommended by ChemTron.
