

AEROSOL CLEANER

FOAMING COIL CLEANER

FEATURES

- Formulated to remove Stains and Odors associated with Mold and Fungus
- Ideal for use in Radiators, Wall and Window Units, Heating and Cooling Units, Refrigerators and more
- No harsh chemicals
- No rinsing required
- Biodegradable

PROPERTIES

Appearance: White foam with characteristic fresh odor.

Boiling point: 212 °F

Specific gravity: 1.00 gr/cc

Total VOC: 6.7 %

Solubility in water: Complete

Flash point: None

Storage stability: Keep away from high temperatures and oxidizing agents.

pH of liquid: 8.8

Flammability: Non-flammable aerosol

Packaging: 12x18oz Net Wt. Cans/Case

FOAMING COIL CLEANER is a thick, powerful, clinging foam which removes dirt, lint, and grease from air conditioner and heater coil fins. This portable aerosol features a strong directional spray which helps force foam into coil air spaces. No rinsing is required on evaporator coils or any other surface where condensation causes a rinsing action. FOAMING COIL CLEANER is water-based foam that creates no harsh vapors and leaves a fresh natural aroma.

Before use, protect all electrical equipment and parts. Spray area thoroughly and allow foam to breakdown dirt before flushing clean. Refer to the label and SDS for additional instructions and precautions. The information contained in this safety sheet is aimed at creating a guide for the selection and use of the product. However, we are not responsible for any use not recommended by ChemTron.
