

AEROSOL CLEANER

GLASS CLEANER

FEATURES

- Leaves surface Clean and Haze-free
- Features a 360° Valve
- Leave a Fresh Clean Fragrance
- Ideal for use on Windows, Mirrors, Table Tops, Glass Fixtures, Showcases, Plastic Transparencies and More

PROPERTIES

Appearance: Transparent liquid with proprietary fresh fragrance.

Boiling point: 207 °F

Specific gravity: 0.99 gr/cc

Total VOC: <12 %

Solubility in water: Soluble

Flash point: None

Storage stability: Keep away from high temperatures and acids

pH of liquid: 11

Flammability: Non-flammable

Packaging: 12x19oz Net Wt. Cans/Case

GLASS CLEANER is a light foam cleaner which can safely be used to remove soils, greases, grime and oils. It leaves surfaces clean and haze free, making it ideal for use on most surfaces such as glass, mirrors, Formica, marble, acrylics, and plastic transparencies. GLASS CLEANER offers a unique 360° valve which allows use in an upright or inverted position. To use, simply spray a light foam on surface and clean with a dry cloth. A few extra wipes will add brilliance to all surfaces. Refer to the label and SDS for additional instructions and precautions. The information contained in this safety sheet is aimed at creating a guide for the selection and use of the product. However, we are not responsible for any use not recommended by ChemTron.
