

Ice Machines Coolers & Refrigeration

ChemTron has assembled a convenient, **ready-to-use kit CT-213** for ice machine and refrigeration PM.

EACH KIT CONTAINS 1 EACH OF THESE PRODUCTS

- CT-109 SPECIAL BLEND ICE MACHINE CLEANER: **1 gallon** - Concentrate, safe to use, descaler, rust and slime remover. (1 gallon to 25 applications)
- CT-115 REFRIGERATION AC CLEANER: **1 gallon** - A fast drying coil, parts and surface cleaner.
- CT-160 BLOW OUT: **1 quart** - Liquid drain pan cleaner and sludge remover. (1 oz. per application)
- CT-149 SANI 101: **1 quart** – EPA registered, NO-RINSE Food Contact Surface Disinfectant when mixed with potable water in empty labelled quart bottle with sprayer provided. Use the syringe provided to measure 5cc (0.3 ounces per quart). See Technical Data Sheet and SDS for more details. (1 quart concentrate makes 106 usable quarts.)
- CT-472 RED LITHIUM SPRAY GREASE: **1 can** - A powerful Multipurpose grease that resist high temperatures and pressure.
- CT-491 PAN PATCH: **1 can** - Liquid mastic coating that seals cracks, voids and protects a variety of surfaces. (1 can covers 10 square feet)

Refer to the information contained in SDS and Technical Data Sheets for proper use and safety precautions.
