- Properties are typical and subject to usual manufacturing tolerances.

LAVA SANI is formulated to clean and remove grease and dirt effectively, easy rinsed without leaving any residue.

LAVA SANI is indispensable in Restaurants and industrial Eateries and wherever an effective cleaning is required.

LAVA SANI is recommended for cleaning and washing of all types of surfaces, floors, equipment, appliances, utensils, crockery, fruits and vegetables, in areas of food preparation and service.

INSTRUCTIONS

Depending on the surface to be cleaned and disinfected, the amount of product will be diluted in water as follows:

Dilutions:

Light 1:100

Medium 1:50

Heavy 1:20

CLEANING AREAS, EQUIPMENT AND SURFACES: Apply product diluted 1:50 with jargon, sponge or fiber as applicable, scrub, rinse and sanitize.

CLEANING ACCESSORIES, KITCHENWARE: Immerse utensils or accessories in a plaque container with product diluted 1:20, brush, rinse and disinfect.

CLEANING FRUITS AND VEGETABLES: Soak fruits and / or vegetables in a container with product diluted 1:100, for 2-3 min. Brush if necessary, rinse thoroughly and disinfect finally.

Refer to the attached SDS for additional precautions. The information contained in this safety sheet is aimed at creating a guide for the selection and use of the product. However, we are not responsible for any use not recommended by ChemTron.
