Low Odor Stain Remover is an alkaline liquid, formulated with added special oils, that remove stains from surfaces without affecting the substrate and leaving a pleasant clean odor. Low Odor Stain Remover can be used on most surfaces, but application on a small area of the target surface is recommended to test for discoloration. Apply product undiluted, with sprayer or brush and leave for a few seconds. Rinse with wet cloth or mop. Low Odor Stain Remover can also be used to remove stains from bathroom tiles and grouts, bathtubs, shower curtains and doors, sinks and facets. Do not allow product to spill on rugs or carpets. Do not ingest. Avoid contact with eyes and skin. Refer to the attached SDS for additional precautions. The information contained in this safety sheet is aimed at creating a guide for the selection and use of the product. However, we are not responsible for any use not recommended by ChemTron.
