

SPECIALTY CLEANER

MARBLE CLEANER

FEATURES

- Cleans & Protects Glass, Marble, Porcelain and other glass like surfaces
- Removes grease, dust, smoke and grime
- Works great on aluminum, stainless steel and Formica
- Non abrasive, Non smearing, Non streaking
- Creates an invisible protective barrier

PROPERTIES

Appearance: Clear liquid.

Boiling point: 212 °F

Specific gravity: 1.4 gr/cc

Total VOC: 95 %

Solubility in water: Soluble

Flash point: None

Storage stability: Keep away from strong oxidizers

Flammability: Non-Flammable

Packaging: 4x1 gallon Case
5 gallon Pail

- Properties are typical and subject to usual manufacturing tolerances.

MARBLE CLEANER cleans and protects marble, ceramics, porcelain and other non-porous, glass like surfaces. This non-abrasive cleaner quickly penetrates dust, smoke, grease and grime. It can also be used on aluminum, stainless steel, Formica, plastic and chrome. Its non-smearing, non-streaking properties make it the ideal cleaner for glass and other hard, glassy surfaces. When used on a regular basis, MARBLE CLEANER creates an invisible barrier that provides excellent scratch resistance and water repellency. This molecular barrier bonds instantly repelling dirt and liquids, making the cleaning process much easier.

Refer to the label and attached SDS for instructions and precautions. The information contained in this safety sheet is aimed at creating a guide for the selection and use of the product. However, we are not responsible for any use not recommended by ChemTron.
