

## SPECIALTY CLEANERS

# METAL PARTS CLEANER

**FEATURES**

- Easily remove grease, dirt and other contaminants from metal surfaces
- Great penetration, residue-free
- Fast drying
- Low flammability, ideal for degreasing with solvents
- Will not harden or crack rubber parts
- Non Conductive

**PROPERTIES**

**Appearance:** Transparent, colorless, with a mild sweet odor.

**Boiling point:** 355 °F

**Specific gravity:** 1.01 gr/cc

**Total VOC:** 0-2 %

**Solubility in water:** Complete

**Flash point:** +156 °F

**Storage stability:** Keep away from high temperatures and oxidizers

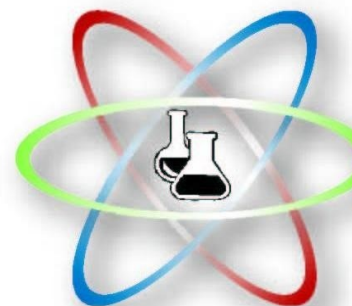

**pH of liquid:** NA

**Flammability:** Low combustion

**Packaging:** 5 gal Pail  
55 gal Drum

METAL PARTS CLEANER is highly solvent cleaner that safely removes fats, oils, foam, dust and other contaminants of all types of metals, including iron surfaces without fear to oxidize them. It is ideal for all types of pieces of metal, and motors. Since rapidly removes oils, greases, road dirt and other contaminants without damaging disassembling units. It can be used to clean brake parts, to eliminate or protect rubber parts, carefully spraying all surfaces of the brake. Its high washing power, allows to rinse all contaminants quickly and effectively. You can let the surfaces air dry or dry with a soft clean cloth. Do not use on plastics or painted surfaces. Refer to the label and SDS for instructions and precautions. The information contained in this data sheet is aimed at creating a guide for the selection and use of the product; however, we are not responsible for any use not recommended by ChemTron.
