

LAUNDRY FABRIC CARE

OXY-GLO

FEATURES

- Removes stains and malodors
- Fast acting and chlorine free
- Safe on colors
- Can be used on entire load or as a spot de-stainer
- Does not affect linen strength
- Contains buffering salts
- Fast water dissolution
- Biodegradable

PROPERTIES

Appearance: Clear liquid solution with no specific odor.

Boiling point: 210 °F

Specific gravity: 1.05-1.10 gr/cc

Non volatiles: Not Determined

Solubility in water: Soluble

Chemical type: Peroxide Oxidizer

Storage stability: Keep away from high temperatures

pH of liquid: 7-8

Flammability: Non-flammable

Packaging: 4x1 gallon Case
5 gallon Pail
55 gallon Drum

OXY-GLO is an oxygen provider liquid bleach that should be used where color or natural fabrics require de-staining and chlorine bleach is not safe. OXY-GLO is safe and effective when working at high temperatures, where the release of oxygen is greater.

Use in commercial or institutional washing applications at a rate of 8-10 oz per 50 lbs loads. Prior spot testing on unknown fabrics is recommended. OXY-GLO is not intended for use on wool, silk, leather or in the presence of soft metals. Do not mix this product with any other chemicals unless recommended by ChemTron.

Refer to the label and SDS for additional instructions and precautions. The information contained in this safety sheet is aimed at creating a guide for the selection and use of the product. However, we are not responsible for any use not recommended by ChemTron.
