

GREASES

RED LITHIUM GREASE SPRAY

FEATURES

- Multipurpose grease
- Contains no chlorinated solvents
- Withstands high temperatures and pressures
- No hexane – No CFC's
- Excellent Water and Weather resistance
- Excellent Penetration and Lubrication
- Will not wash off or splash off after setting
- Withstands acid, salt spray and oxidation

PROPERTIES

Appearance: Viscous red opaque liquid with characteristic solvent odor; (Liquid in the can)

Water resistance: Excellent

Boiling point: +/- 230 °F

Chemical type: Lithium grease

Total VOC: 90 %

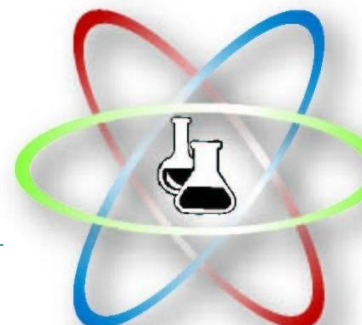

Solubility in water: Negligible

Flammable Aerosol: Contains liquefied gas propellant

Packaging: 12x11oz Net Wt. Cans/Case

Red Lithium Grease Spray is a powerful multipurpose grease that resists high temperatures and pressures. This grease is formulated with materials that makes it an ideal lubricant and anti-rust agent. **Red Lithium Grease Spray** is an outstanding grease for every phase of lubrication and ideal for outdoor use. It can be used on wire rope, open gears, draglines, chains, winches, linkages, cranes, bearings, hoists, valves, cams, cables, pulleys and rollers. **Red Lithium Grease Spray** penetrates like an oil then cures to a thick grease in approximately 15 minutes. Apply spraying on clean dry surface at a 6 to 8 inches distance; insert extension tube into actuator orifice for pinpoint application. Refer to the attached SDS for precautions. The information contained in this safety sheet is aimed at creating a guide for the selection and use of the product. However, we are not responsible for any use not recommended by ChemTron.
