

**DRAIN OPENER****SEWER SOLVE I****FEATURES**

- Granular Hydroxide Concentrated Formula
- Fast Acting / Fast Dissolving
- Ideal for use in sinks, sewers, bathtubs, floors, drains, piping, manholes and more
- Thermo-active
- Biodegradable

PROPERTIES

Appearance: White or red granules with no odor.

Boiling point: Not Determined

Specific gravity: (solid) 1.00-1.05 gr/cc

Non volatiles: 90-95 %

Solubility in water: Soluble

Flash point: None

Storage stability: Keep away from acids

pH of liquid: 14

Flammability: Non-flammable

Packaging: 4x1 gallon Case
5 gallon Pail

SEWER SOLVE I is a granular product that cleans and maintains drains, manholes, piping and grease traps by attacking the source of clogged or slow moving drains. It quickly dissolved matter which becomes trapped and tangled in pipe system; (hair, paper, wood, soap scum and slime).

To use, remove excess water and add SEWER SOLVE I directly to drain. Let stand for 60 to 90 seconds and trickle water into drain. Finally, flush with water. Repeat procedure until water flows freely through drain. Use protective equipment when using this product and avoid inhaling fumes. Keep out of reach of children. For industrial and institutional use only. Refer to the label and attached SDS for additional instructions and precautions. The information contained in this safety sheet is aimed at creating a guide for the selection and use of the product. However, we are not responsible for any use not recommended by ChemTron.
