

LAUNDRY FABRIC CARE

SPOT-CLEAN**FEATURES**

- Solvent laundry spot remover
- Safe to use on all fabrics
- Handles most types of stains, oils, grease and soils
- Reduces detergent usage
- Contains concentrated Emulsifiers and Surfactants
- Easy Rinsing
- Neutral pH in water

PROPERTIES

Appearance: Clear liquid with low solvent odor.

Boiling point: 300-350 °F

Specific gravity: 0.75-0.85 gr/cc

Non volatiles: 10-20 %

Solubility in water: Emulsifies

Flash point: 120 °F

Storage stability: Keep away from high temperatures, open flames and oxidizers

pH of liquid: 6.5-7.5 in water

Flammability: Slightly Flammable

Packaging: 4x1 gallon Case
5 gallon Pail

SPOT-CLEAN is a solvent based spot cleaner and stain remover for use in a pre wash applications or during the first washing cycle. It contains concentrated emulsifiers and surfactants to help remove most types of stains and oils.

SPOT-CLEAN is effective when applied directly on stains. It can also be added to a pre-charged load at a concentration of 5 to 10 oz per 100 lbs load. SPOT-CLEAN can also be used on kitchen items such as mops, rags, heavy linen, curtains and rugs. To remove heavy soils, oils, grease and non-petroleum based oils, SPOT-CLEAN should be used as a presoaking application. It is ideal for all types of fabric as it is not affected by hard water or by pH changes.

Refer to the label and SDS for additional instructions and precautions. The information contained in this safety sheet is aimed at creating a guide for the selection and use of the product. However, we are not responsible for any use not recommended by ChemTron.
