

**SPECIALTY CLEANER****SULPHURIC ACID DRAIN OPENER****FEATURES**

- Powerful Drain Opener dissolves any build-up in drains
- Removes developer chemicals
- Eats away at cold water slime
- Removes Soap film and Grease

PROPERTIES

Appearance: Clear liquid with strong acid odor

Boiling point: 529 °F

Specific gravity: 1.84 gr/cc

Non volatiles: 90 %

Solubility in water: Soluble

Flash point: None

Storage stability: Keep away from acids and oxidizing agents

pH of liquid: Very Acidic, 1

Flammability: Non-flammable

Packaging: 4x1 gallon Case
12x1 Qt. Case

- Properties are typical and subject to usual manufacturing tolerances.

SULPHURIC ACID DRAIN OPENER is a powerful solution that removes dirt, grime, soap film and grease from drains and pipes. SULPHURIC ACID DRAIN OPENER eats away at cold water slime and even dissolves built up grime, allowing drains to flow freely. Product should be handled with great care, as it can become a health hazard. Wear protective gloves, goggles and appropriate clothing when using this product.

To use, remove excess water. Holding container at arms length, slowly pour 1 pint to 1 quart of DRAIN OPENER into drain. IMMEDIATELY cover drain with dish or pan to protect against eruption of drain contents and hot acid. Allow to stand 5 minutes before rinsing with cold water. Refer to the label and SDS for additional instructions and precautions. The information contained in this safety sheet is aimed at creating a guide for the selection and use of the product. However, we are not responsible for any use not recommended by ChemTron.
