Non volatiles: 10-20 %

Solubility in water: Soluble

Flash point: 140 °F

Storage stability: Keep away from strong oxidizers and open flames

Flammability: Slightly flammable

Packaging: 4x1 gallon Case
12x1 Qt. Case
5 gallon Pail
35 or 55 gallon Drum

- Properties are typical and subject to usual manufacturing tolerances.

SURE CLEAN HAND SOAP is a rich viscous hand cleaner made from the finest citrus oils available. It contains effective grease and dirt solvers, pumice abrasive, and oils. Although a thorough skin degreaser, this lotion is extremely mild. Repeated use will not cause irritation to skin, dermatitis or other skin disorders. In use with water this viscous liquid generates a rich, thorough cleansing lather. It lifts and removes grease and dirt from hard to reach area such as crevices around knuckles and under fingernails. This liquid is a concentrate and may be diluted with water at a 1 to 1 ratio. This lotion does not clog dispensers as other hand soaps do. It stays fresh and free flowing in the dispenser tank and is always ready for immediate use. Refer to the attached SDS for precautions. The information contained in this safety sheet is aimed at creating a guide for the selection and use of the product. However, we are not responsible for any use not recommended by ChemTron.
