pH of liquid: 1-2

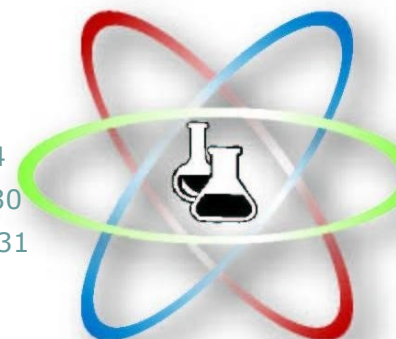

Flammability: Non-flammable

Packaging: 4x1 gallon Case
12x1 Qt. w/Sprayers Case
1x5 gallon Pail
1x5 gallon Drum

TILE & GROUT CLEANER is a mild, non-toxic, non-fuming, buffered, acidic detergent designed to remove fungus mold, algae, soap, and body film from grouting and ceramic tile surfaces. To use, simply pour a small amount on the tile surface to be cleaned and let stand a few minutes to allow penetrants and de-stainers to do their work. Agitate lightly to remove soil and contaminants and wash off with water to leave surfaces bright and gleaming. During use, avoid contact with eyes and skin and provide adequate ventilation. Refer to the attached SDS for additional precautions. The information contained in this safety sheet is aimed at creating a guide for the selection and use of the product. However, we are not responsible for any use not recommended by ChemTron.
