- Non-Acid, Non-Alkaline
- Powerful and Fast Acting Dissolving Action

PROPERTIES

Appearance: Clear to opaque liquid with solvent odor.

Boiling point: 235 °F

Specific gravity: 1.03 gr/cc

Total VOC: 45 %

Solubility in water: No

Flash point: 45 °F

Storage stability: Keep away from high temperatures and open flames.

pH of liquid: Not applicable

Flammability: Flammable Liquid

Packaging: 5 gal pails
55 gal drums

- Properties are typical and subject to usual manufacturing tolerances.

VARNISH STRIPPER is a high power, fast acting solvent that facilitates the removal of paints, gums, adhesives and decals. Apply on surface leave for few minutes and brush if the paint or glue is very old. For decals, scrape, wipe or flush off with water. Please note that this product may harm paint. Use only when repainting is planned. Spot testing is recommended.

Refer to the label and attached SDS for instructions and precautions. The information contained in this safety sheet is aimed at creating a guide for the selection and use of the product. However, we are not responsible for any use not recommended by ChemTron.
