

ENGINE OIL CONDITIONER**X-20 OIL CONDITIONER****FEATURES**

- Restores Viscosity Index
- Contains Friction Reducers
- Slows Oxidation
- Increases Oil Pressure
- Reduces Frictional Drag

PROPERTIES

Appearance: Amber gel with characteristic odor

Viscosity: 4,000 at 100 °C

Specific gravity: 0.80-0.90 gr/cc

% VOC by weight: 1.0 %

Solubility in water: Slight

Flash point: 104 °F (40 °C)

Storage stability: Keep away from oxidizing materials and open flames

Flammability: Flammable gel

Packaging: 5 gallon Pails
55 gal Drum

- Properties are typical and subject to usual manufacturing tolerances.

X20 Motor Guard Oil Conditioner is a translucent amber, highly viscous, oil conditioner that is fortified with superior oxidation inhibitors to lengthen oil life, increase viscosity, reduce blow by, improve compression, decrease wear and oil consumption in internal combustion engines.

Refer to the attached SDS for precautions. The information contained in this safety sheet is aimed at creating a guide for the selection and use of the product. However, we are not responsible for any use not recommended by ChemTron.
