Boiling point: 183 °F

Flammability: Non-Flammable Aerosol

pH: 12

Packaging:

12 x 19 oz Net Wt. Cans / Case

Properties are subject to usual manufacturing tolerances.

GERM AWAY is an EPA Registered (EPA No. 706-65) multipurpose cleaner with germicidal properties that cleans, disinfects, and deodorizes any hard, nonporous surfaces. GERM AWAY, when used as directed, demonstrates effective disinfection against *Psuedomonas aeruginosa*, *Salmonella enterica*, and *Staphylococcus aureus*. This product has also been shown to control mold and mildew and has been shown effectiveness against viruses such as Herpes Simplex Type 1 and 2.

GERM AWAY is ideal for general cleaning, disinfection and sanitizing in homes, hursing homes, hospitals, institutions, offices, schools, and hotels. This product can also be used in to clean, disinfect, and sanitize nonporous hard surfaces in the bathroom, non-food contact kitchens surfaces. It's a non-abrasive formula that will leave a clean surface free from malodors.

When using an EPA-registered disinfectant, follow the label directions for safe and effective use. Make sure to follow the contact time, which is the amount of time the surface should be visibly wet. Refer to the label for complete usage instructions and the SDS for important precautions and proper PPE. Failure to follow the strict instructions for use may lead to harm and/or failure to properly clean, sanitize, and disinfect.
