STRIP ALL is an aggressive formula that is effective when routine floor strippers are not. It is designed to remove all water emulsion waxes and finishes, acrylics, metal interlocks, and urethane emulsions from resilient tile, concrete, marble, and terrazzo floors.

STRIP ALL is powerful enough to remove multiple layer, build-up or highly burnished finish easily and safely. It is provided in a concentrated formula. For Stripping, dilute 1:16. For Cleaning, dilute 1:60.

Refer to the label for complete usage instructions and the SDS for important precautions and proper PPE.
